Invitation to Exhibit at the Metro Toronto Convention Centre

26 April-1May 2014

www.chi2014.amc.org
CHI is the premiere worldwide forum for professionals interested in all aspects of human-computer interaction (HCI). The conference features work on the hardware and software engineering of interactive systems, the structure of communication between human and machine, characterization of the use and contexts of use for interactive systems, methodology of design, design artifacts and experiences, and future technologies.

**Conference Format**

CHI 2014 is a four-day conference (Monday through Thursday). The conference incorporates CHI Courses and is organized around papers, presentations, speakers and discussions on how to create better interactive experiences. As the foremost conference in its field, CHI 2014 continues to offer a wide-ranging program, supporting and facilitating the exchange of ideas within and between all of these communities.

**Who Will be at CHI 2014?**

CHI 2014 will bring together computer scientists; design practitioners; human factors and ergonomics professionals; psychologists; social scientists; software developers; software/hardware architects; engineering, product and quality managers; educators and evaluators. These are the professionals who work at the heart of making systems and products usable.

CHI 2014 will be held at the Metro Toronto Convention Centre (South Building) in Toronto, Canada. The theme, “One of a CHInd” is a celebration of the conference’s “one of a kind” diversity; from the broad range of backgrounds of its attendees, to the diverse spectrum of communities and fields which the conference and its research have an impact on. CHI 2014 will take place at the Metro Toronto Convention Centre in Toronto, Canada, a city itself known for its one of a kind cultural diversity.

CHI brings together attendees from many countries, representing different cultures and different application areas, whose diverse perspectives influence each other.

CHI 2013 in Paris, France, was a very successful conference, hosting almost 3,500 attendees representing over 50 countries. On site registration had to be closed because the conference had reached capacity. CHI 2012 in Austin, Texas, USA, was also highly successful. Past attendees have worked in the computer industry, education, research, telecommunications, government, finance and banking as well as many other areas. CHI 2014 is expected to be another highly successful conference.

**About Toronto, Canada**

As an acclaimed European leader in research and Toronto is one of the most cosmopolitan cities in the world; a place where international ideas intersect with Canadian culture. A centre of rare openness, warmth, energy and style, Toronto is enriched by the fusion of traditions, passions and perspectives on life of the more than 100 cultures found here.

A city of contrasts, Toronto’s skyline includes the CN Tower, one of the Modern Wonders of the World and glass skyscrapers juxtaposed with historic limestone facades. Miles of waterfront, boardwalks, parks and trails nestle together with urban delights like cafés, artisans’ exhibits and one-of-a-kind shops.
Benefits of Sponsoring

CHI 2014 offers many opportunities created especially for sponsors. Some of the benefits this year include:

Publicity (External and Internal)
Sponsors are featured on the CHI 2014 Conference web site. Not only is this site one of the most popular ACM sites, but the conference receives worldwide press coverage through various media forms including technical publications. The Advance Program alone is available on our site to more than 50,000 people in the fields of human-computer interaction, human factors, and usability engineering. The Conference Proceedings are also published by ACM Press and accessed globally through the ACM Digital Library.

Your sponsorship of this premiere conference is a strong statement about your organization’s commitment to the field of HCI as well as your commitment to the professional development of your staff.

Professional Development
In every economic climate, it is important to wisely utilize the funds you have available for professional development, and CHI 2014 is a wise investment. There is no other conference where there is so much cross-fertilization of ideas between professionals in product design, human factors, software development, systems design, interactive media, and e-business. Added to this mix are research students, educators and the world’s best HCI researchers, along with mentors and leading thinkers in the field. This environment creates a unique event where your staff can benefit from unmatchable inspiration and education in both breadth and depth. Sponsor invitations to private VIP events also ensure that your staff has special opportunities to mix with the elite of HCI research and practice.

Recruiting, Networking & Business Development
Showcasing your organization through sponsorship increases the awareness of your products and services. Many opportunities are available to sponsors to maximize their efforts in this area. Also, should your organization be interested in hiring, your presence as a sponsor will enhance your efforts to recruit from among the foremost experts in the field. In addition, CHI 2014 offers dedicated on-site support for the recruitment efforts of its sponsors.

Monday Evening Grand Opening of Exhibits and Reception
CHI 2014 is hosting the conference reception on Monday evening from 17:30 to 20:00 (5:30 to 8:00 pm) in the exhibit hall during the grand opening of the exhibits. Live entertainment, sweet and savory offerings, and the company of friends and colleagues create this memorable evening. Networking is effortless at this gala event attended by all conference registrants. As a special benefit to our Champion sponsors, a complimentary exhibit booth is included in the Champion Sponsor Benefits.

Tuesday Evening Job Fair
To support recruiting, CHI 2014 features a Job Fair on Tuesday evening from 17:30 to 19:00 (5:30 to 7:00 pm). Recruiters renting booths are invited to take advantage of this key event to meet qualified job candidates. CHI 2014 will also facilitate the delivery of resumes from individuals to a designated contact and help coordinate places for interviewing and hospitality events (held this year on Wednesday night). Space is limited, so please indicate your interest in hosting a hospitality event as soon as possible. Recruiters confirmed by 3 months prior to the conference will appear in CHI 2014 publications and on the web site.

Please see the CHI 2014 Hero Sponsor Benefits, CHI 2014 Champion Sponsor Benefits, and CHI 2014 Contributing Sponsor Benefits for details about these and the many other advantages of sponsoring.
